Unit viewed from exterior.

100 Series Awning Windows (2008 to Present)

Standard and Custom Windows

Unit Sizes

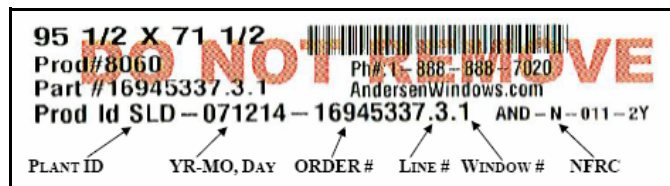

100 Series Awning Warranty Label

Note:

Every 100 Series Awning Window has a permanent label containing a unique identification number. The product ID number may be 5 to 9 digits long, depending upon the age of the unit. On replacement parts the product ID is the set of numbers that appears before the first hyphen.

The label on an awning window is located in the head.

When ordering replacement parts, please provide the product ID to ensure that replacement parts match the specifications of the original product.
